The Honorable Harry Reid
Majority Leader
United States Senate

The Honorable Mitch McConnell
Minority Leader
United States Senate

The Honorable Tom Harkin
Chairman, Committee on Agriculture
Nutrition, and Forestry
United States Senate

The Honorable Saxby Chambliss
Ranking Member, Committee on
Agriculture, Nutrition, and Forestry
United States Senate

Dear Senators Reid, McConnell, Harkin, and Chambliss:

The undersigned organizations write to support expedited action on the 2007 Farm Bill. It is critical that the Senate develop omnibus farm legislation as soon as possible in order to assure enactment of a new farm bill this year.

While our organizations have differences on specific policy recommendations, we believe it is vitally important that the Senate Agriculture Committee mark up and pass a 2007 Farm Bill as soon as possible. Only a few days remain before provisions of the 2002 law expire. Farmers and ranchers need certainty on the policy environment in which they will operate next year. Several conservation and nutrition programs expire at the end of the fiscal year. These programs that conserve land resources and serve poor and hungry people must be reauthorized and adequately funded now.

Extending the 2002 Farm Bill is not an acceptable alternative to enacting new legislation that addresses important needs in each of these areas. Extension is only a short term solution that does not provide the assurances that the nutrition, agriculture and conservation communities need for efficient long-term planning.

We are working with the Senate Agriculture Committee to develop a farm bill that addresses our priorities, but are concerned that delayed action on this legislation is lessening the chances of completing a new farm bill this year. We therefore urge a quick and favorable resolution to the funding and other outstanding issues that are holding up action on this important legislation. We look forward to working with you to move this process forward in the Senate in the coming weeks.

Sincerely,
